### MISSION

*"To work for the excellence of the Institute with keeping interest of student in centre".*

### ABOUT PROGRAMME

This is very unique kind of training programme first time going to organize for pharma-academia on the theme of Patents and IPR. India becomes a favourable destination for Pharma MNCs after becoming a signatory of TRIPs Agreement.

According to WIPO report (July-2008), India ranked first in the world wide in terms of growth of patent filing in Pharmaceutical sector. So now times comes for pharma-academicians to understand the concept of patent & IPR to generate the revenue from the research and help to drive "Knowledge economy" of the country.

### OBJECTIVES

- (1) To highlight recent trends and advances in the field of Patenting in pharmaceuticals.
- (2) To familiarize the participants with the concepts of patent and patenting in India, U.S. and U.K.
- (3) To familiarize the participants with the concepts of infringement and abuses of patent.
- (4) To give hands-on-training of patent searching and patent filing procedures.

### COURSE CONTENT IN BRIEF

- Concept of IPR and Patenting in India (Pre-GATT and Post GATT era)
- Importance of patenting in pharma industry as well as pharma-academia
- Type of inventions patentable under Indian Patent Act
- Different techniques for Patent search
- Hands-on-training of usage of patent databases
- Filing procedure for provisional application, complete application as well as PCT application
- How to generate revenue from the research

### RESOURCE PERSONS

Eminent resource persons from Pharma academia, Industry and Private training organization as well as Patent officers will be the faculty for the programme. They will provide hands-on-training through lectures / demonstrations / discussions on topics mention in course content.

### PARTICIPANTS ELIGIBILITY

Pharmacy teachers having less than five years of experience of all AICTE approved degree Pharmacy College and teaching UG/PG students, who are keen to update their knowledge and would like to learn newer techniques are eligible. The number of participants is restricted to 20 only on first cum first serve basis as well as depending on their area of research interest. Preference will be given to the participants from distinct location and one candidate from the each college.
